count how often you got caught

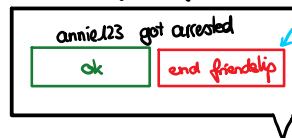

too often (5x) leads to getting **arrested**

consequences:

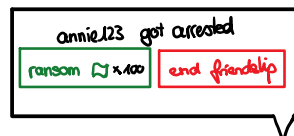

- loose money
- gas has no effect (no robbery, no powerup collecting)
- friends get notified:

otherwise your chance for getting caught increases (see friend leveling)

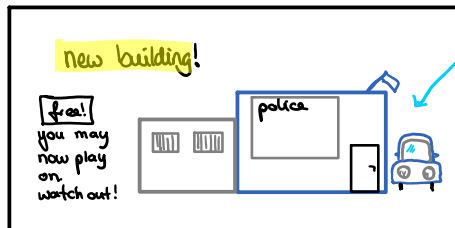

friends of max. level (?) get opportunity to ransom

friend can play on immediately

after prison:

prisoners get special building: police + prison

+ caught count resets 0/5
